Course Rules

1. Disc golf is played like ball golf, except that a flying disc (Frisbee) is used. The object of the game is to land your disc into the metal "pole hole" baskets, using the fewest number of throws possible.
2. Each time a disc is thrown it counts as a stroke (point). The winner is the player with the lowest score (fewest points) after playing 18 holes.
3. Tee throws (the first throw on each pole hole) must be made within the designated tee areas.
4. After teeing off, the player whose disc is farthest from the pole hole always throws first.
5. All throws (except tee throws) must be made from the spot the disc landed.
6. A run-up and follow-through is allowed for most throws, as long as you release the disc behind the spot in which the previous throw landed. When you are close to the basket (within 33 feet) you are not allowed to run-up and follow through.
7. Never throw until the players in front of you are out of reach and the fairway is completely clear of spectators and other park users.
8. Please keep the park clean by placing trash in the containers.
