

Clarkson Community Education and Young Rembrandts present:

“The Power of Drawing!”

Young Rembrandts

All new fine art, design and cartooning lessons coming this Spring!

This session, our students will learn how to develop and apply contour and color as they create an exciting patterned zebra line drawing. Then, as a study in background/foreground, they will create a “flower composition” that emphasizes the use of color as an area of spacial focus. We will have fun building a realistic construction of the London Bridge in 2-D form. How did the famous Gustav Klimt use composition to create powerful shapes and form? What fun as every artist “learns how to see” in a way they have never done before!

Five-week after-school Spring sessions for grades K-5 | **\$100**

Coming Soon...
Super-Duper Summer Workshops!

We'll take you to places, spaces, and other worlds with specialized, themed workshops. Children will explore realistic drawing, design, and cartooning using colored pencil, chalk pastel and design marker techniques that will enhance their analytical and perceptual drawing skills! All students will build a week-long portfolio.

Watch our . . .

the big pencil returns!
