Karate for Kids!

For Kindergarten–8th grade. Our program combines two crucial courses into one, Sanchin-Ryu Karate & Self-Defense and Project: Secure Child (child safety). Students will be trained with proven, age-appropriate techniques that are necessary for kids to protect themselves from attackers. This program is set in a fun, yet structured, environment which will give your child a positive outlook on learning a martial art. We focus on healthy attitudes versus perfection! Participants will achieve great self-confidence and leadership through the physical techniques, mental strategies, drills and exercises they are led through.

Karate for Families!

A Parent AND Child program for all ages! Set in a fun, non-competitive and informative atmosphere, this program allows parents to learn alongside their children. Physical techniques will be instructed along with drills and exercises, to help you have a positive experience with your self-defense education. Sanchin-Ryu will teach you how to use your whole body, rather than just certain muscle groups, so size and stature are not an issue.

Karate for Adults!

For ages 14 and older. Set in a fun, non-competitive and informative atmosphere, this program is designed to empower today's adults with knowledge that can save your life! Students will learn a broad range of techniques including individual strikes, advanced combinations and more. You will also receive training on how to deal with, get out of and counter different grabs and other attack scenarios. Sanchin-Ryu will teach you how to use your whole body, rather than just certain muscle groups, so size and stature are not an issue.
